

Make the Most of Your Membership

About Us

It was on an autumnal night in October 1947 when the inaugural Ayrshire Chamber of Commerce meeting took place. We are still as passionate and optimistic about Ayrshire and the business community as we were then. We are a small business with a big voice, driven by our strong vision to make a difference for our members.

We represent the business community across the whole of Ayrshire. With over 800 members our objective is to promote and facilitate business between members to encourage commercial growth and local prosperity. We are the voice of the business community in Ayrshire and pride ourselves on providing strong representation of your interests at Holyrood and Westminster.

We aim to support every type of business, from sole traders to large multinational corporations. Our members cover a vast range of sectors including textiles, construction, tourism, retail and manufacturing. We are also proud to host the Developing Young Workforce initiative in Ayrshire, one of twenty-one regional groups that has been set up across Scotland to connect Education and Business. The purpose is to develop young people, ensuring they have the appropriate skills and qualifications needed to succeed in the world of work.

A warm Chamber welcome awaits within our base at Glasgow Prestwick Airport.

Our Vision

"To bring our business community together, enabling members to grow their organisation both locally and internationally, supporting economic development activity across Ayrshire and beyond."

I'm delighted to introduce our 'Make the Most of Your Membership Guide' that will provide you with everything you need to know about our membership model.

This informative guide will help you make the correct choice for your business, from Enterprise to Corporate membership there is something for everyone. Through listening to our members we offer a tiered model which gives you the control to choose the correct level for your business. We have developed a range of services that supports the Ayrshire business community with their ambitions and strategic objectives.

We have so much to look forward to and I hope to see many new businesses join us over the coming years to become part of our existing 800 + membership community.

At Ayrshire Chamber we celebrate the past, work with the present and look to the future.
